Technical assistance for races

In order to achieve a regular “made-to-the-finish” result at high class and difficulty level competition a high-class of maintenance must be secured.

«RE AUTOCLUB» is using as a special transport:

- «Mercedes Benz 1935» (4x4) as a sports truck T4 class,
- «KAMAZ 5350» (6x6) sport tech-assistance trucks T5 class,
- «MAZ 631739» (6x6) sport tech-assistance trucks T5 class.

This technical assistance guarantees equipment and high professional level of technical-mechanical personnel, insures the vehicles serviced by «RE AUTOCLUB» and makes it to get till the finish.

RE AUTOCLUB

«RE Autoclub» racing team has more than 20 years experience in international rallies and 10 years in rally-raid competitions.

«RE Autoclub» is working together with the leading world class engineers to produce more competitive top level rally raid racing cars.

All vehicles prepared by our club, has achieved honorable places in Rally Dakar, Africa Eco Race, Silk Way Rally, Russian Championships etc.

Achievements

The team succeeded in many World Cup stages of Cross-Country Rally, gaining prominence in the middle of the world's leading athletes, teams and media.

„Silk Way 2013”, 3rd place T2 (pilot Alexander Terentyev, Russia)

Last race:

World Cup “Northern Forest 2016”, 2nd place T2 (pilot Alexander Terentyev jun.)
